

Shayne simpson

> OPERATIONS DIRECTOR

I have now been a part of the TechNET IT team for 7 years, contributing to the growth of the business from 8 to over 40 consultants and the inception of Digital, RPO, Sales and Search teams. I am responsible for the overall strategy of the business, sitting on the Board of Directors, whilst also running the day to day operations and mentorship of Senior Leaders.

MY EXPERTISE:

- > Strategy
- > Programme Management
- > Leadership

- > RPO/MSP
- > Operations
- > Bid Process Management

- > Growth Enablement
- > Account Management
- > Project Delivery

RECOMMENDATIONS:

I had the pleasure of working with Shayne and also being on the ITS Academy together. Shayne is a charming, driven individual who leads by example and motivates others well in a comforting coaching style. Shayne is very good at analysing pros and cons of a scenario without letting his opinion take charge. He is well liked and an absolute delight to be around. I hope that I have the opportunity to work with Shayne again in the future as he is most definitely missed.

Having worked with Shayne over a number of years, he has always shown a committed, professional attitude and constantly remains delivery focused, intent on providing a first class service. Working with professionals like Shayne makes difficult tasks that more achievable and I would always seek to engage with him going forward.
